

### **Prayer to St. Agatha, Patron Saint of Breast Cancer**

Saint Agatha, blessed virgin and martyr.  
You are honoured as the patron of breast cancer.  
You suffered pain and torture in your devotion to the  
Lord.

Protect me from breast cancer  
and intervene before God almighty,  
and pray for me so that I may be cured.  
Heal me and comfort me, and mercifully  
grant me protection from all cancer.

Saint Agatha, pray for me.
